**CITY COUNCIL
AGENDA ITEM COVER MEMO**

July 23, 2018

To: Mayor and City Council
Agenda Item: 2(a) Hold a discussion of the development of the Community Development Block Grant consolidated plan in a joint session of the City Council and the Community Development Advisory Committee.
Submitted by: Otis T. Spriggs, Director of Development Services

SYNOPSIS

Missouri City has been awarded a grant from the U.S. Department of Housing and Urban Development (HUD) in the amount of \$272,007 for the City's Community Development Block Grant (CDBG) Program Year (PY) 2018. Council has approved the final funding allocations for the CDBG PY 2018 Annual Action Plan and authorized the City Manager to accept and execute the grant agreement in the amount of \$272,007 from the U.S. Department of Housing and Urban Development (HUD) for the City's CDBG PY 2018 Annual Action Plan.

At the request of the City Manager Anthony Snipes, staff will be presenting a historical update of the Program and priorities, in hopes of providing an overall summary of the CDBG Program activities and opportunity areas that fall within the qualified boundaries. Program categories, activities and priorities will be discussed.

With this preliminary discussion, staff seeks Council's direction regarding the future programming allocations and the focus areas that funding should be directed.

In guiding this discussion, the following authorizing statutes of the CDBG program require that each activity funded, except for program administration and planning activities, must meet one of three national objectives. The three national objectives are:

- Benefit to low- and moderate- income (LMI) persons;
- Aid in the prevention or elimination of slums or blight; and
- Meet a need having a particular urgency (referred to as urgent need).

Note that an activity that does not meet a national objective would not be compliant with CDBG requirements and may be subject to remedial actions.

City Council has provided the following operational directives for future CDBG allocation considerations and decisions:

- Scholarship monies shall be awarded to students only in the CDBG areas.
- Funds may be received by eligible applicants, if they are at the midpoint with the 41.3% HUD exception only.
- Slum and Blight and infrastructure shall have highest priority.
- CDBG should not fund any parks unless they are public parks.
- Staff needs to physically canvas the needs of the applicants lacking resources and access.
- The application forms shall clearly state that the CDAC makes recommendation to City Council, which makes the final decision on CDBG allocations.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

HUD regulations at 24 CFR Part 91.15 (a)(2) require that City of Missouri City to submit an Action Plan to HUD by May 15, 2018, to receive PY 2018-2019 formula allocation. The Action Plan outlines how these funds will be used to address the goals and objectives outlined in the City's Five Year Consolidated Plan (2013-2019). In January 2018, HUD granted the City a one (1) year extension to its Six Year Consolidated Plan. The PY 2018 Annual Action Plan represents the sixth year plan for the current Consolidated Plan process. The City has not received its PY 18 Funding Allocations, however HUD has issued a revised procedures to govern the submission and review of consolidated plans and action plans for FY 2018 funding prior to computation of FY 2018 allocation amounts. *As required, the City's Contingency Language states, if HUD allocates more funding than the anticipated \$300,000 the City will increase the Housing Rehabilitation budget and the Administration Budget (20% cap of annual allocation) by that percentage amount but if it is less, the City will decrease funding to the Housing Rehabilitation budget, Public Service (15% cap of annual allocation), and the Administration Budget (20% cap of annual allocation) by that appropriated percentage amount. However, if HUD's allocation is less than 20% of the estimated annual CDBG total allocation (excluding money remaining after carrying out the activity), a substantial amendment to the Action Plan is not required.* The Draft Action Plan includes information regarding proposed projects to expend \$300,000 CDBG allocation for PY 2018 plus estimated \$316,518.58 PY2018, PY2018 carry-over funds. Total estimated PY 2018 funding is \$582,533.58. *(The Draft Annual Action Plan includes information regarding proposed projects to expend an estimated \$300,000 CDBG allocation for PY 2018 plus estimated \$76,357.51 PY2018 & PY2018 carry-over funds. Total estimated PY 2018 funding is \$357,622.51.)* The Department of Development Services (DS) is the lead department responsible for the consolidated planning process. The development of the Action Plan involves collaboration with other city departments, social service providers, housing developers, economic development entities, and the general public. These efforts shaped the various housing, community development, and economic development strategies which are outlined in the Action Plan.

Included in the plan are the following projects:

- Code Enforcement in CDBG Target Areas;
- Housing rehabilitation for owner-occupied units throughout the City;
- Services to Disabled Persons - Public service activities other than low/moderate income housing benefit: 15 Persons;
- Public Services for Abused and Neglected Children - Public service activities other than low/moderate income housing benefit: 73 Persons;
- Public Services for home-bound seniors - Public service activities other than low/moderate income housing benefit: 21 Persons;

- Public Services for Scholarships for post-secondary education - Public service activities other than low/moderate income housing benefit: 5 Persons; and
- Fair Housing Workshop
- Market Housing Study (PY 2017)

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City's current Six Year Consolidated Plan, which covers the period July 2013 to June 2019, contains the goals and objectives which the City plans to address over the five year period. The Action Plan identifies those Five Year Plan goals and objectives that will be addressed with funding in that particular fiscal year. The Action Plan identifies 8 activities to be carried out the goals, objectives and outcomes which will be addressed in:

1. Housing Rehabilitation: \$92,804.60 to provide owner-occupied housing rehabilitation; \$37,000 to provide Renter-Occupied housing rehabilitation to the Fifth Street Corridor area only
2. Code Enforcement: \$47,000 to provide code enforcement in CDBG Target Areas
3. Post-secondary Scholarships: \$9,975 to provide scholarships for education
4. Meals on Wheels: \$10,200 to provide home-delivered meals
5. Child Advocates: \$10,200 to provide services to neglected/abused children
6. Edison Art: \$10,426 to provide educational services to children
7. Fair Housing: \$25.00 to provide Fair Housing Workshops

The PY 2018 Annual Action Plan addresses the priority needs set forth in the PY 2013-2019 Consolidated Plan (the City received a one year extension to the Consolidated Plan year). The proposed activities will serve low- to moderate-income residents through area-based code enforcement; park improvement; housing unit-based housing rehabilitation; and client-based home-delivered meals to the elderly, counseling to abused and neglected children; school-aged education; and post-secondary scholarships. The City will continue to affirmatively further fair housing within its jurisdiction and comply with Section 3 in reducing poverty by employing Section 3 contractors and subcontractors to the greatest extent feasible, provide job training, employment, and contracting opportunities for low- or very-low income residents in connection with projects and activities in Fair Housing and Section 3.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The following were the major achievements reported in the latest Consolidated Annual Performance and Evaluation Report which covered the period of July 1, 2018 to June 30, 2018:

- Housing - 4 households were assisted.
- Public Services (excluding services to homeless) - 152 persons benefitted from public service activities.

The PY 15 housing rehabilitation program units were completed in PY2018. The PY 16 housing rehabilitation program units may not be completed by the end of PY2018; they will be completed in PY 2018 along with the proposed PY 2018 units. The City carried out a number of administrative tasks, including attending several HUD-sponsored workshops/conferences and webinars on fair housing, Section 3, and labor relations. Additionally, the City devoted significant general fund resources to enhancing the housing rehabilitation project through acquiring a Rehabilitation Software program and engaging the City's Building Inspectors to perform necessary inspection. The City improved its CDBG Funding Application and Housing Rehabilitation documents as well as the Subrecipient review process for the PY2018.

In addition during PY2018, the City's highlights its involvement in the regional collaboration of fair housing assessments and affirmatively furthering fair housing for program year 2018-2023, which was realigned to the Analysis of Impediments for Fair Housing (AI); its intentions to conduct the research and development of a comprehensive housing study. It will evaluation through the Comprehensive Plan update process, opportunities for redevelopment along four of the City's major corridors Texas Parkway; Cartwright Road; and FM 1092, and its influence development strategies within CDBG target areas including Fifth Street.

In PY2018, the City continued to work with the Houston Metropolitan Transit Authority (METRO) and Fort Bend Transportation to provide demand-response transportation services for the disabled and elderly. A new door to door and park and ride route system has been implemented. Other transportation services are provided from regional locations to various shopping and health-related hubs. The City will continue to work with METRO to encourage the establishment of fixed-route transit along major thoroughfares in Missouri City.

The City of Missouri City is committed to affirmatively furthering fair housing choice throughout the City. Title VIII of the Civil Rights Act of 1968 makes discrimination based on race, color, religion, sex, national origin, familial status or disability illegal in connection with the sale or rental of housing and any vacant land offered for residential construction or use. An Analysis of Impediments to Fair Housing Choice was developed in PY 2012 and a new one is currently underway.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

During the PY 2018 process, the City of Missouri City began its citizen participation process with the integral participation of a seven (7) member Community Development Advisory Committee (CDAC). The CDAC is comprised of the three (3) district City Council members serving the CDBG Target Areas and four (4) Missouri City residents. The CDAC serves as a non-conflict grant review committee which met on March 26, 2018 to review applications for funding and make funding recommendations. In addition to oversight and contribution from the CDAC, the City also hosts a pre- application workshop on February 8, 2018, two (2) public hearings each year and a 30-day public comment period for the Annual Action Plan which started on April 16, 2018 and ended on May 15, 2018 to advise the public of the consolidated planning process and to inform them of proposed funding strategies for the CDBG Programs, and to seek public input on the proposed strategies. These meetings were held on April 16, 2018 (Regular City Council Meeting) and on May 21, 2018 (Regular City Council Meeting). Notices advertising these meetings were published in the Fort Bend Herald, posted on the City's website and sent via email to all HOAs. On April 16, 2018, the funding strategies developed through the process were presented to the City Council for approval at a public meeting. Notice of this meeting was published in the Fort Bend Herald, posted on City's website, and partners were directly notified via email. On May 21, 2018, the Action Plan was present to the City Council for approval.

During the Consolidated Planning and Fair Housing Planning periods, the City utilizes a public survey to solicit detailed concerns and comments from residents. The surveys are in English and Spanish and are available electronically on the City's website, emailed to all public service agencies and advocacy groups, and available in paper copy at the City's library and City Hall. Agencies and advocacy groups, including homeowner's associations are asked to share the internet link and paper copies of the surveys with their constituents. During Action Plan years, the City refers back to the results of the surveys to determine ways in which it can better address the high priority needs.

The City of Missouri City works closely with the members of the CDAC to determine the priority needs of the community and the efficient use of CDBG funds. Additionally, the City works closely with its subrecipients to ensure that all clients receive the most comprehensive services possible, including directing clients of one agency to additional services of another agency. The City works to identify other avenues for serving residents whose needs do not meet the City's CDBG program structure or capabilities. Other possibilities include provide technical assistance to non-Subrecipient public service agencies to help increase their capacity and their awareness of CDBG funding and other potential resources.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The City received four public comments:

Public hearing to receive comments for or against the proposed City's Community Development Block Grant Program Year 2018 Annual Action Plan was held on April 16, 2017:

1. Charity Carter with Edison Art Foundation thanked City staff and the Committee for their consideration.
2. Hunters Glen 1 & 2 HOA Board members thanked City staff and the Committee for their consideration for the applications for playground improvements and request the City Council to approved their project. The HOA would also contribute for the playground improvements.
3. Email from Ruthanne Mefford, Chief Executive Officer, Child Advocates of Fort Bend on April 17, 2018: I wanted to follow up with you regarding the meeting last night. I did read the email and interpreted the meeting as primarily intended for the public. As a beneficiary of the CDBG grant over the years, we are very appreciative of the city's support and funding. From our perspective, as you know we are very focused on our data collection and ensuring that we are accurately tracking and documenting services provided to Missouri City clients. We don't have any further opinions. Again, thank you for providing an opportunity for input. Best, Ruthanne Mefford, Chief Executive Officer, Child Advocates of Fort Bend.
4. At the May 21st City Council Meeting resident Bruce Zabovoswski request the City Council to approved the Hunters Glen 1 & 2 HOA Park project.

6. Summary of comments or views not accepted and the reasons for not accepting them

There were no comments /views not accepted at this meeting to be considered when preparing the Action Plan. At the City Council meeting on April 16, 2018, community members presented their applications, the Council discussed and unanimously approved the public hearing regarding the proposed strategies and recommendations presented by staff which included provision of funding for housing rehabilitation, public facilities, & code enforcement projects, and related Public Services.

7. Summary

During PY 2012, 3 tracts of land were rezoned to allow the construction of multi-family housing, with an additional tract rezoned in 2014. A new age-restricted multi-family project has been completed and is leased at capacity on FM 1092 in Missouri City. Another age-restricted complex has construction at Trammel-Fresno and Highway 6. A multi-family complex at Sienna Parkway and Sienna Springs Blvd has been constructed. Another multi-family complex is under construction east of Sienna parkway on Sienna Springs Blvd.

The City had addressed identified impediments to fair housing by disannexing acreage to encourage the construction of a multi-family housing development; establishing a method to review and consider requests for reasonable accommodations for group homes for the disabled that would not qualify for the exemption from zoning rules under the state statute; providing CDBG funds, which were matched with local funds and in-kind contributions, for the rehabilitation of deteriorating housing owned and occupied by the low- to moderate-income; and using CDBG funds to improve sidewalks, including the installation of curb cuts and wheelchair ramps, in a low- to moderate-income neighborhood.

The City funded Habitat For Humanity to provide minor housing rehabilitation, accessibility retrofits and energy efficiency measures to help ensure that the low-income, particularly the elderly and disabled, are able to remain in their homes and that their homes are safe and energy efficient as well as accessible through the installation of wheelchair ramps and other adaptive measures for the disabled. Not only did Habitat for Humanity provide housing rehabilitation services using CDBG funds, but it also provided pro-bono services to properties in Missouri City to low- to moderate-income households.

Habitat for Humanities is an MBE contractor and also trains and hires Section 3 individuals as interns, then subcontractors, helping the City to address poverty in the area and meet its Section 3 goals.

In addition, the City is involved in the regional collaboration of fair housing assessments and affirmatively furthering fair housing for program year 2018-2023. The City's has hired a consulting firm to conduct the fair housing analysis of impediments. The City's intends to hire a consulting firm to conduct the research and development of a comprehensive housing study. The City's evaluation through the Comprehensive Plan update process, opportunities for redevelopment along four of the City's major corridors Texas Parkway; Cartwright Road; and FM 1092, and its influence development strategies within CDBG target areas including Fifth Street.

Narrative (optional)

The City of Missouri City is the CDBG Grantee and the lead agency responsible for administering the programs covered by the Consolidated Plan. The Development Services Department is responsible for the programmatic activities while the Finance Department manages all financial duties. The City has on staff a Community Development to conduct the majority of the day-to-day activities and will contract with a CDBG consulting firm to provide technical assistance to the staff and subrecipients, if needed.

The Educational Scholarships Program and the Housing Rehabilitation program are administered in-house by the Development Services Department staff. The Housing Rehabilitation program is managed by a General Contractor with administrative approved from City staff. The City has engaged the Building Inspection department to supervise the inspections and permitting of the Housing rehabilitation program. The Code Enforcement, Public Facilities and Capital projects are managed in-house within the Police Department, Public Works and Parks Departments, respectively. Other programs are administered by the subrecipients with oversight by the City staff responsible for CDBG.

The Community Development Advisory Committee convenes to set the funding levels for activities, review progress throughout the year and approve any programmatic changes.

Consolidated Plan Public Contact Information

The City of Missouri City provides residents and stakeholders the opportunity to participate in the CDBG process throughout the year and particularly during the Consolidated and Annual Action Planning Processes. The City's Development Services Department is the primary contact for all public inquiries and comments, however, all of the City's elected officials and members of the Community Development Advisory Committee (CDAC) receive inquiries and comments and notify the Development Services Department to fully address the issues. The City's Community Development Advisory Committee meets multiple times during the annual planning process and periodically throughout the year when amendments are needed and/or issues arise that require review and action by the committee. The CDAC is comprised of the three City Councilmembers responsible for districts in which CDBG Target Areas fall as well as of four residents of the City, each representing different geographic areas or programmatic areas of concern.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Missouri City endeavors to consult with any and all entities that can provide information, services, or funding regarding the needs of the under-resourced and special needs populations in the City. This includes citizen groups, service providers, business leaders, and individual residents themselves. The purpose of the consultation is to ensure that the City's CDBG funds are used to the best and highest use possible, that additional funds are identified and leveraged, and that the residents of Missouri City are provided the best neighborhoods and services possible.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City makes every effort to consult with and coordinate with public and private service providers serving Missouri City. Currently, no public housing agency serves Missouri City. The State of Texas' Section 8 Housing Choice Voucher (HCV) program does not cover Fort Bend County or Missouri City. The Harris County Section 8 Housing Choice Voucher program does cover a small corner of Missouri City, but the area is single family and industrial with no multi-family and few rental units. No Harris County HCV program participants have elected to rent in the Fondren Park area that covers Missouri City and Harris County. Fort Bend County is in the process of becoming a Public Housing Authority with Section 8 HCVs, however the designation has not been finalized and there are no funds to provide vouchers to a new PHA.

The City has funded the Child Advocates of Fort Bend County, which receives Missouri City CDBG funding, provides counseling to neglected and abused children and their non-offending guardians.

The City funds several other public service agencies and works with all of the funded agencies as well as others serving the City to facilitate coordination among the service providers. Housing and service providers are encouraged to assist clients in identifying other agencies that can provide additional services and have been instrumental in referring clients to other service providers.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

There is no Continuum of Care program specifically for Missouri City or Fort Bend County. Several years ago, the Coalition for the Homeless of Houston/Harris County expanded its jurisdiction to cover all of Fort Bend County, including Missouri City. The City, through its consultant, discusses the needs in Fort Bend County with the Coalition. Currently, Fort Bend Women's Center receives CoC funds within the

county. Fort Bend County Family Promise received Shelter + Care funding, but cancelled its contract as the program did not address the agency's mission. Family Promise is located in Missouri City. Both, FBF Promise and the FB Women's Center serve Missouri City homeless residents.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City does not receive ESG funds.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

	Agency/Group/Organization Type	Housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Throughout the year, the agency was consulted regarding the housing needs both for rehabilitation and affordable housing purchase. The City works closely with Fort Bend Habitat for Humanity and the collaboration and coordination has resulted in and will continue to result in identifying ways in which to further the housing rehabilitation program, address the need for more affordable housing units and find alternative funding for those housing needs which fall outside the scope of the City's CDBG program. The anticipated outcomes are (1) to determine and implement the best practices for housing rehabilitation, (2) to work jointly in securing additional funding sources for special situations and (3) to increase the number of affordable housing units for sale in Missouri City. For PY 18 the City will attempt to hire multiple General Contractors to conduct the Housing Rehabilitation projects.

The CDAC meets with City staff numerous times throughout the year and individual members are in contact with the City staff to relay information. The anticipated outcome is to ensure that the priorities of the residents are met and that the City is as efficient and cost-effective in addressing the needs of the under-resourced as possible.</p>

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City funds Child Advocates and collaborates and consults with them throughout the year. The anticipated outcome is to determine changes in need and procedures as well as ways in which the City can better serve the agency and assist the agency in serving abused and neglected children in Missouri City.
5	Agency/Group/Organization	FORT BEND SENIORS
	Agency/Group/Organization Type	Services-Elderly Persons
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The City funds Fort Bend Seniors' Meals on Wheels program and consults with the agency as to the additional needs of its clients. The anticipated outcome is that when a housing rehabilitation client appears to be in need of home-delivered meals, the City will refer them to Fort Bend Seniors; and when a Meals on Wheels client is living in a deteriorated home, Fort Bend Seniors refers the client to the City for possible inclusion in the housing rehabilitation program.

Identify any Agency Types not consulted and provide rationale for not consulting

The primary agency types not consulted are:

- Public Housing Authority due to the non-existence in Missouri City or Fort Bend County
- General population emergency shelters, transitional housing, and permanent supportive housing due to the non-existence in Missouri City or within a reasonable distance in Fort Bend County

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Coalition for the Homeless of Houston/Harris County	The goals of Missouri City's Strategic Plan overlap in the sense that the needs of the homeless, particularly victims of domestic violence, have received a high priority and that Missouri City has reached out to the 2 homeless providers in the area to encourage application for funding.
Disaster Recovery Plan	State of Texas General Land Office	The goals of the strategic plan overlap in the sense that (1) flood prevention is a high priority and (2) housing rehabilitation is a high priority. The City has worked with GLO to determine any prevention activities that should be funded through the Disaster Recovery funds. Likewise, the City is working with Houston Galveston Area Council, as a subrecipient of GLO, to determine the ability to secure housing demolition/reconstruction or major housing rehabilitation for those homeowners whose houses are beyond the scope of the City's housing rehabilitation program. The City has requested CDBG-DR funds from Fort Bend and Harris County through GLO to recover from past disasters.

AP-12 Participation – 91.105, 91.200(c)

**1. Summary of citizen participation process/Efforts made to broaden citizen participation
Summarize citizen participation process and how it impacted goal-setting**

The Citizen Participation Process includes the integral participation of a seven (7) member Community Development Advisory Committee. The CDAC is comprised of the three (3) City Council members, two (2) elected from districts that include the CDBG Target Areas, and 4 Missouri City residents. In addition to oversight and input from the CDAC, the City also hosts 2 public hearings each year and a 30-day public comment period for the Annual Action Plan.

During the Consolidated Planning and Fair Housing Planning periods, the City utilizes a public survey to solicit detailed concerns and comments from residents. The surveys are in English and Spanish and are available electronically and emailed to all public service agencies and advocacy groups, and available in paper copy at the City Hall. Agencies and advocacy groups, including homeowner's associations are asked to share the internet link and paper copies of the surveys with their constituents. During Action Plan years, the City refers back to the results of the surveys to determine ways in which it can better address the high priority needs.

The City also consults with a number of public and private agencies to determine the needs of their clients.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City will receive \$272,007 in CDBG funds for PY2018. It anticipates having approximately \$304,561.71 (PY17: \$174,143.32; FY 16: \$72,614.68; PY15: \$7,803.71; PY14: \$50,000; Unobligated= \$ 20,000.00) will carry over to PY2018. The City does not have program income. Therefore, for PY2018, it anticipates approximately \$576,568.71 in available funds for serving low- to moderate-income residents. Prior year resources will be allocated to Housing Rehabilitation, if necessary. In addition to the CDBG allocation, the projects funded will also be leveraged by substantial additional resources from the subrecipients and the City's general fund. The amount leveraged will be approximately \$2 for every CDBG dollar spent.

Prior year resources have been allocated to a Market Housing Study in the amount of \$30,000; and any remaining funds will be tied to existing projects: housing rehabilitation.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

There are no matching requirements for CDBG, however the City leverages significant additional resources. For every dollar spent on Code Enforcement, the program will leverage at least \$1.00. Additionally, Development Services, Finance, and Legal Department staff members provide at least \$50,000 in time covered by the City's general fund and not expended through CDBG. The public service agencies provide significant leverage/match for their programs: Child Advocates of Ft. Bend provides \$69,757 to augment CDBG funds for services to abused and neglected children; Meals on Wheels provides approximately \$169,561.06 to augment the CDBG allocation for home-delivered meals to the elderly; and Edison Art provides approximately \$12,840 to augment the CDBG allocation for School Summer Reading program. General Contractors will provide approximately \$50,000 to augment CDBG funds for owner-occupied housing rehabilitation. The total estimated for leveraging is \$352,158, approximately twice the annual allocation.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City addresses the needs identified in the plan through its public parks, businesses and housing, owned and operated by the City of Missouri City. The Fifth Street Corridor contain properties by private owners, the City will work with those owners to provide housing rehabilitation, economic development and neighborhood stabilization to eliminate slum and blight.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocation priorities were based on (1) the priorities set in the current Consolidated Plan which were based on a combination of resident survey results, interviews with stakeholders, input from City departments; (2) current residents' complaints or requests for services or area improvements; (3) applications from housing rehabilitation and public service agencies; and (4) unfunded or underfunded needs/priorities in City departments. Limited financial resources is the major obstacle to addressing the underserved needs. Cuts to the funding of non-profit subrecipients, is due to decrease in CDBG funding allocation, real estate decline causing property tax revenues to decline, aging of public facilities/infrastructure, aging of residential units, and increased numbers of under-resourced residents leads to less money to serve more eligible individuals, households and neighborhoods.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

In PY2018, the City will not fund Park involvement projects. The City will conduct code enforcement activities in all of the CDBG Target Areas and the total percentage of funds allocated is 17.27, each Target area is divided equally. This primary service area has the following characteristics:

TRACT/BLOCKGROUP	POPULATION	% LOWMOD
423600/2	955	55.52%
423600/4	1,235	43.95%
670500/2	1,450	48.90%

671200/2	1,505	52.53%
671300/2	720	42.48%

Based on HUD's exception to the 51% low-mod income requirement of 41.30%, the area qualifies as an eligible target area.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The park investments are allocated based on the park of highest use by low- to moderate-income residents and the need for expanded amenities in the park. The type of investment was based on resident comments and complaints about lack of improvement to park facilities. Although Hunters Glen HOA 1&2 requested funding for PY 18, the City will not fund Park involvement projects.

For PY2018, see the maps in the Executive Summary for the location of the CDBG Target Areas.

Affordable Housing

Discussion

The City is limited by the size of its CDBG allocation. Therefore, housing rehabilitation is the primary affordable housing activity that can be funded. During PY2018, a Housing Rehabilitation General Contractor will complete the PY 2016 & PY 2017 activity of providing owner-occupied rehabilitation to approximately 20 homes and will then expend PY 2018 dollars to complete 8 additional homes.

The City will conduct a Market Housing Analysis to determine the level of housing and address the housing needs in Missouri City funded under PY 2017.

AP-60 Public Housing – 91.220(h)

Introduction

There is no Public Housing Authority that serves the vast majority of Missouri City. Harris County has a Section 8 HCV program that covers a small portion of Missouri City, but that portion does not have significant rental housing. There is no public housing or Section 8 HCV program in Fort Bend County outside of Rosenberg to the far west/southwest of Missouri City.

Actions planned during the next year to address the needs to public housing

Not Applicable. Without any public housing entity in or near Missouri City, there are no plans to address the need for public housing.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Not Applicable. There are no public housing residents.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not Applicable. There is no PHA serving Missouri City.

Discussion

Without a public housing agency providing public housing or Section 8 HCVs in Missouri City, the City has no power, authority or funding to address public housing needs.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Several years ago, the Coalition for the Homeless of Houston/Harris County expanded its coverage to include Fort Bend County. At that time, Missouri City began relying on the Coalition to provide information on the number and needs of the homeless population in the city. Additionally, Missouri City relies on area homeless providers to address the needs of homeless persons. While the City solicits funding applications from those emergency shelters and transitional housing providers serving the Missouri City area, none applied for funding for PY2018.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including: Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City's one-year goals for reaching out to homeless persons is met through interacting with the Coalition for the Homeless of Houston/Harris County (now including Fort Bend County). The Coalition conducts its point in time enumeration and an annual needs survey throughout Harris and Fort Bend Counties. These two activities serve to reach out to homeless persons and assess their individual needs. The City relies on the Coalition for conducting the enumeration and survey each year.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Missouri City must rely on shelters and transitional housing agencies to meet the needs of homeless persons. Though the City has solicited applications for funding from a domestic violence shelter/transitional living program and a family shelter, neither applied for funding in PY2018. The City has placed a high priority on addressing the needs of homeless persons, but at this time there are no agencies applying for funds to serve Missouri City residents. The City will continue to reach out to area agencies that can provide shelter and transitional housing to homeless persons.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

While the City solicits applications from potential subrecipients, the only two agencies in the area serving homeless persons have not applied for funding. Fort Bend Women's Center was a subrecipient until 2010 and no longer applied for funding. Fort Bend Women's Center provides shelter, supportive services, crisis intervention and transitional housing to victims of domestic violence. In prior years, the Women's Center used Missouri City CDBG funds to support the TBRA program and shelter operations. However, the

number of Missouri City residents was too small to warrant the administrative expense to receive/manage the funds.

Despite encouraging Family Promise to apply, they have not sought funding through Missouri City. Family Promise provides short-term shelter in churches for families who are homeless but are able to become self-sufficient in a few months' time. Missouri City has encouraged the agency to apply for funding but due to changes in their scope and procedures they have opted not to apply.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The main way in which Missouri City utilizes CDBG funds to help low-income individuals and families avoid becoming homeless is through the rehabilitation of their homes to make them safe and accessible.

Discussion

Homeless providers locate where there is a large congregation of homeless persons. Homeless persons tend to move to and congregate near homeless providers. As a result, most of the shelters, transitional housing providers, permanent supportive housing providers and service providers for the homeless are located in the core of Houston. As a result, there are limited service providers in suburban areas like Missouri City. There are 2 Fort Bend County providers -- Fort Bend Women's Center and Family Promise -- but these are smaller agencies and target specific subpopulations. These two agencies are actively involved in the Coalition for the Homeless which covers all of Fort Bend County, including Missouri City. However, neither has requested support or assistance from Missouri City for PY2018.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The Analysis of Impediments identified the barriers to affordable housing and impediments to fair housing, including: restrictive zoning, well-defined environmental codes, lack of City financial resources for developing affordable housing or providing first-time homebuyers assistance, and lack of interest by builders to build lower-priced housing, lack of public fixed-route transportation. The City has developed a Fair Housing Ordinance Sec. 33-1 and has updated its housing rehabilitation policies and procedures. Though not all of the barriers directly affect affordable housing, the linkages between transportation costs and housing costs as well as between limited employment opportunities and housing costs do result in a shortage of affordable housing.

The City has collaborated with other municipalities to conduct a regional Analysis of Impediments to Fair Housing.

Land costs as well as building codes drive housing costs, making affordable housing more difficult to develop without a HOME program or other assistance available to developers. Additionally, without a HOME program and with limited CDBG funds, a first-time homebuyer's program is not feasible.

Fort Bend County does not currently have a public housing authority. Therefore, there are no public housing units or Section 8 Housing Choice Vouchers in Missouri City.

Also, due to the limited CDBG funding and the lack of a HOME program, Missouri City is unable to fund a demolition/reconstruction program for those owner-occupied housing units that require more than 50% of the current value to repair. The federal regulations that prohibit Fort Bend County and Harris County from providing HOME assistance in Missouri City because Missouri City is a CDBG Entitlement is a barrier to providing first-time homebuyers assistance, new affordable housing construction, and demolition/reconstruction activities.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Fort Bend County is working to become a public housing authority and provide Section 8 HCVs. Once the program is in place, the City of Missouri City can begin assisting the County in encouraging landlords to accept the vouchers.

The City worked with Houston-Galveston Area Council's Disaster Recovery program to inform homeowners on the waiting list for City-sponsored housing rehabilitation of the opportunity for repairs

when damage was due to Hurricane Ike.

The City's current Comprehensive Plan includes the determination of a need for affordable housing with the impending growth that is projected for the next 10-20 years. In this plan, the outlook for the city takes into account the expansion of commercial development as well as the need for more multi-family units of housing.

The rise in commercial development places the city in a more competitive position to entice companies and industries to re-locate to Missouri City. This new growth expands the demand for a more varied housing product. The current housing stock remains over 90% single-family. The new businesses that will be locating in Missouri City will have employees that require more choices for permanent housing. This need for more affordable housing has been presented to the Development Services Department. In working on the City's overall comprehensive plan, the Development Services Department has included the need for more affordable housing stock to be provided for the next 10 years. During PY 2012, 3 tracts of land were rezoned to allow the construction of multi-family housing, with an additional tract rezoned in 2014. New age-restricted multi-family projects have been completed on FM 1092 and Sienna Springs Blvd west of Sienna Parkway in Missouri City. New age-restricted Huntington at Sienna multi-family complex is completed and fully leased at Trammel-Fresno and Highway 6. It added 132 age restricted multifamily units. The construction of a multi-family complex at east of Sienna Parkway on Sienna Springs Road is underway, to date, 8 of the 28 apartment buildings have been completed.

The City approved an ordinance to rezone an approximate 23.0592 acre tract of land from SUP and LC-2 to PD. The subject site is located at 3222 Texas Parkway. This PD, would be a mixed use development proposed to consist of (1) the church and the youth facility; (2) a commercial tract; (3) a senior independent living facility providing 80 to 120 dwelling units (Gala at Texas Parkway); and (4) a senior independent living facility providing 80 to 120 dwelling units (Jubilee at Texas Parkway). A maximum of 240, age restricted, dwelling units are proposed.

GCI Development Texas LLC, proposes to construct a senior multifamily facility, "Gala at Texas Parkway," west of Texas Parkway, just south of the intersection at Cartwright Road. GCI Development Texas LLC proposes to partially finance the construction of the facility with housing tax credits from the Texas Department of Housing and Community Affairs (TDHCA). GCI Development Texas LLC has requested the City's support of its application for housing tax credits as well as a commitment for development funding.

Discussion:

Land costs and limited areas zoned for multi-family create barriers to the development of affordable housing in Missouri City. Additionally, with Missouri City not being a HOME Participating Jurisdiction, the funding to develop affordable housing units, provide first-time homebuyers assistance and conduct demolition/reconstruction activities is not available, but much needed.

The City will continue to support Fort Bend Habitat for Humanity in its work to acquire, rehabilitate and

sell properties in Missouri City for low- to moderate-income homebuyers. Additionally, the City is working with other area entities to layer funding and identify alternative funding for those households that cannot be assisted through CDBG.

AP-85 Other Actions – 91.220(k)

Introduction:

The City will focus this next year on housing rehabilitation, residential neighborhood improvements and public services. The PY 2015 parking lot lighting and expand the parking lot in Hunters Glen Park project were completed in PY 2016 and PY 2016 Buffalo Run Park project were completed in PY 2017. The City will continue to fund code enforcement in CDBG Target Areas. In addition to area-based improvements to housing rehabilitation and lead based paint, the City will fund counseling for abused and neglected children; home-delivered meals for the elderly; and post-secondary scholarships to low- to moderate-income students. The City will also conduct a Market Housing Study to determine the level of housing and address the housing needs in Missouri City.

Actions planned to address obstacles to meeting underserved needs

The CDBG funds will be used to:

- Improve the owner-occupied housing of those who are unable to afford repairs, particularly homes of the elderly and disabled;
- Improve the health, safety and nutrition of home-bound elderly through home-delivered hot meals and personal contact provided by Meals on Wheels;
- Improve the reading level of students through education program provided by ACHIEVE Fort Bend;
- Provide forensic interviewing and counseling of abused and neglected children provided by Child Advocates;
- Improve the employability of young adults through the provision of post-secondary scholarships; and
- Improve recreational opportunities by constructing walking trail improvement in a neighborhood park;
- Conduct Assessment of Fair Housing Plan.

All of those served will be low- to moderate-income, and based on past years funding these organizations, the vast majority will be minorities -- African American, Hispanic and Asian.

Actions planned to foster and maintain affordable housing

The City will fund a non-profit corporation to provide housing rehabilitation for low- to moderate-income homeowners in order to maintain their homes affordably, allowing them to remain in their homes. Additionally, the non-profit, using other funding, will continue to acquire, rehabilitate housing to low- to moderate-income residents. The City will provide fair housing education, conduct Fair Housing Plan and Housing Market Study.

Actions planned to reduce lead-based paint hazards

Each of the 8 homes that will be rehabilitated will undergo lead-based paint evaluation, regardless of the

age of the residents in the home. All of the housing with lead-based paint will be remediated according to federal regulations. Educational materials will be provided to all clients receiving housing rehabilitation. Additionally, the City will request that subrecipients provide lead hazard information to their clients to reduce not only lead-based paint hazards but health hazards from all lead sources.

Actions planned to reduce the number of poverty-level families

The post-secondary scholarships, reading education program of will greatly enhance the employability and incomes of the low- to moderate-income clients. The vast majority of the clientele are living below the poverty level. All of the young adults qualifying for post-secondary scholarships are low- to moderate-income, with approximately 25% being in households with poverty-level incomes.

Actions planned to develop institutional structure

During the next year, the City will continue to review/evaluate/improve its policies and procedures in managing the CDBG program. The Community Development Advisory Committee will receive additional training on CDBG regulations and project eligibility. The Development Services Department will provide additional information to other departments regarding eligibility of projects and better ways to manage projects funded through CDBG. Additionally, the Development Services and Finance Departments will strive to work more closely together in making the financial processes of CDBG more efficient.

Staff will continue to attend HUD trainings, NeighborWorks, Inc and National Community Development Association conferences throughout the year.

Technical assistance will be provided to all subrecipients and all non-profits seeking CDBG funding from Missouri City. By improving the institutional structure of the subrecipients, the City will improve the overall institutional structure of the program.

Actions planned to enhance coordination between public and private housing and social service agencies

There is no public housing in Missouri City, nor is there a Section 8 HCV program. The City will reach out to the LIHTC properties to provide technical assistance to the managers to help residents, particularly the elderly and disabled, in accessing social services. Community Redevelopment Corporations and State CHDOs that purchase foreclosed properties for rehabilitation and sale at affordable housing prices will be encouraged and the City will work to coordinate with them and facilitate their activities.

Monitoring of subrecipients has proven to be an excellent way to enhance coordination with CDBG-funded agencies. On-site monitoring includes technical assistance and discussions of methods of inter-agency collaboration and coordination.

The United Way of Greater Houston hosts monthly meetings in Fort Bend County to enhance inter-agency

coordination among United-Way funded agencies as well as other social service providers. The City will ensure that a representative attends these meetings.

Discussion:

Unlike large cities such as Houston, Fort Bend County including Missouri City, is suburban in nature and there are fewer social service and housing agencies providing assistance to the low- to moderate-income. The City will make every effort possible to identify through agencies within the county that do or can serve Missouri City residents and will facilitate services to Missouri City as much as possible.

Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The City received three public comments:

Public hearing to receive comments for or against the proposed City's Community Development Block Grant Program Year 2018 Annual Action Plan was held on April 16, 2017:

1. Charity Carter with Edison Art Foundation thanked City staff and the Committee for their consideration.
2. Hunters Glen 1 & 2 HOA Board members thanked City staff and the Committee for their consideration for the applications for playground improvements. The HOA would also contribute for the playground improvements.
3. Email from Ruthanne Mefford, Chief Executive Officer, Child Advocates of Fort Bend on April 17, 2018: I wanted to follow up with you regarding the meeting last night. From our perspective, as you know we are very focused on our data collection and ensuring that we are accurately tracking and documenting services provided to Missouri City clients. We don't have any further opinions. Again, thank you for providing an opportunity for input. Best, Ruthanne Mefford, Chief Executive Officer, Child Advocates of Fort Bend.
4. At the May 21st City Council Meeting resident Bruce Zabovoswski request the City Council to approved the Hunters Glen 1 & 2 HOA Park project.

Si la Ciudad recibe una asignación más alta o más baja que el presunto nivel de financiación del Año Fiscal 2018-2019, la Ciudad reducirá o incrementará la financiación asignada al programa de la ciudad de rehabilitación viviendas ocupadas por dueños en una cantidad equivalente a la diferencia entre el total de la financiación asignada en el Año Fiscal 2018-2019 por el HUD y el presunto nivel de financiación para el Año Fiscal 2018-2019.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2018 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
