

## New Plantings & Features

Five new trees were planted at Independence Park, as a result of the Memorial Tree Program and Tree Challenge matching tree program. 2 replacement trees were planted at Ridgeview Park and 4 at Mosley Park. Sections of seasonal color beds were re-planted at the City Hall complex. Finally, some landscape renovations were made at the Recreation & Tennis Center on several of the parking lot islands. The original struggling trees were removed at these islands and replaced with new trees, shrubs, and prairie grasses.

## Tree Pruning & Landscape Maintenance

Pruning was conducted to all trees behind the Police Station and Fire Station 1 parking area. Extensive tree pruning was also conducted along the Hunters Trail Park fenceline. Pruning was also done at American Legion Park, Freedom Tree Park, and the Recreation & Tennis Center.

## **Outreach & Education**

**The Golden Tree Award was given to Lupe Tortilla, on 9211 Hwy 6, via a city council virtual meeting on October 5<sup>th</sup>. The city also entered into contract with Maldonado Landscaping & Irrigation for flower bed maintenance and irrigation repairs at 8 city locations and eventually the new landscape along Tx Pkwy & Cartwright Rds. The City Forester work with the new contractor to get them familiar with the sites and scope of work.**
