**CITY COUNCIL
AGENDA ITEM COVER MEMO**

September 20, 2021

To: Mayor and City Council
Agenda Item: 9(d) Consider authorizing the execution of an amendment to an updated service agreement for temporary solid waste services.
Submitted by: Bill Atkinson, Interim City Manager

SYNOPSIS

This item supplements a March 5, 2021 agreement for temporary solid waste services necessitated by Tropical Storm Nicholas that occurred in on or about September 14, 2021, by providing debris collection services to all residents within the jurisdictional limits of the City of Missouri City.

STRATEGIC PLAN 2019 GOALS ADDRESSED

- Create a great place to live

BACKGROUND

On or about March 5, 2021, the City of Missouri City (“City”) entered into an agreement with WCA Waste Corporation (“WCA”), the City’s solid waste service provider, for additional temporary solid waste services, including construction and demolition waste collection services which may be required due to damage and destruction from floods, tornadoes, windstorms, ice storms, and other local disasters; and solid waste, debris collection and disposal services which may be required due to such disasters.

The City has supplemented the aforementioned contract with WCA, as provided in the agreement, to provide debris collection services citywide as a result of Tropical Storm Nicholas. Under the new scope of work, such service is to be provided to all residents in the City of Missouri City jurisdictional limits. The services for debris collection will be carried out on Saturday, September 25, 2021, and October 2, 2021. Residents will not need to call in for service, and may place the debris out for collection on the designated days.
