CITY COUNCIL SPECIAL MEETING AGENDA ITEM COVER MEMO

August 27, 2018

To: Mayor and City Council
Agenda Item: 2(a) Presentation of Certified Tax Rolls
Submitted by: Bertha P. Alexander, Budget & Financial Reporting Manager, Financial Services

SYNOPSIS

The City's budget is funded partially with property tax revenue generated from an annually adopted tax rate applied to certified taxable property values within the city limits. Certified taxable values from both the Fort Bend and Harris County Appraisal Districts (CADs) were received July 25, 2018 and August 21, 2018, respectively.

STRATEGIC PLAN 2019 GOALS ADDRESSED

- Maintain a financially sound City

BACKGROUND

City staff met during the week of August 20, 2018 to discuss the certified tax rolls and tax rate calculations from Fort Bend and Harris CADs. Staff also collaborated with Fort Bend and Harris Counties regarding the tax rate calculations and documentation of the numbers involved in the submitted rates. As a result of our discussions and submitted documentation, staff accepted the tax rate calculations on Friday, August 24, 2018.

Staff is recommending the adoption of a near rollback rate of \$0.630000 per \$100 valuation as the 2018 Tax Rate for the FY 2019 budget. The proposed rate addresses some of the strategic priorities for FY 2019. The recommended rate exceeds the effective rate of \$.581873, and therefore two public hearings are required per the property tax code. It is proposed that this rate be allocated to Maintenance & Operations and to Debt Service as follows:

Allocation	FY 2019	Compare FY 2018
Maintenance & Operations (M&O) =	\$.460000	\$.440230
Debt Service (I&S) =	\$.170000	\$.159770
Total Rate	\$.630000	\$.600000

This proposed rate will result in an estimated \$3,475,611 increase in total property tax revenue compared to the FY 2018 budgeted revenues. The following language is being provided in accordance with certain required notices under Texas Tax Code, Section 26.06:

“The total tax revenue raised from the FY 2018's rate of \$0.600000 for each \$100 of taxable value was \$37,815,438. The total tax revenue proposed to be raised this year at the proposed tax rate of \$0.630000 for each \$100 of taxable value, including tax revenue to be raised from new property added to the tax roll this year, is \$41,291,049.”

For informational purposes, the proposed tax rate of \$0.63 would raise the tax bill of an average home valued at \$100,000 by \$30.00 annually or \$2.50 per month.

BUDGET ANALYSIS

The Proposed FY 2019 budget will be sustained by the adoption of this rate.

STAFF'S RECOMMENDATION

Staff recommends that City Council approve a proposal to adopt a tax rate of \$.63 on a future agenda.

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the effective tax rate and rollback tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest.

School districts do not use this form, but instead use Comptroller Form 50-859 Tax Rate Calculation Worksheet for School Districts.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 Water District Rollback Tax Rate Worksheet.

This worksheet is provided to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: Effective Tax Rate (No New Taxes)

The effective tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the effective tax rate should decrease.

The effective tax rate for a county is the sum of the effective tax rates calculated for each type of tax the county levies.

Effective Tax Rate Activity	Amount/Rate
1. 2017 total taxable value. Enter the amount of 2017 taxable value on the 2017 tax roll today. Include any adjustments since last year's certification; exclude Tax Code Section 25.25(d) one-third over-appraisal corrections from these adjustments. This total includes the taxable value of homesteads with tax ceilings (will deduct in Line 2) and the captured value for tax increment financing (will deduct taxes in Line 14). ¹	\$6,321,573,708
2. 2017 tax ceilings. Counties, cities and junior college districts. Enter 2017 total taxable value of homesteads with tax ceilings. SECTION 2: Rollback Tax Rate

The rollback tax rate is split into two separate rates:

1. **Maintenance and Operations (M&O):** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus eight percent. This rate accounts for such things as salaries, utilities and day-to-day operations.
2. **Debt:** The debt tax rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The rollback tax rate for a county is the sum of the rollback tax rates calculated for each type of tax the county levies. In most cases the rollback tax rate exceeds the effective tax rate, but occasionally decreases in a taxing unit's debt service will cause the effective tax rate to be higher than the rollback tax rate.

Rollback Tax Rate Activity	Amount/Rate

SECTION 3: Additional Sales Tax to Reduce Property Taxes

If approved, the taxing unit must reduce its effective and rollback tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its effective tax rate and/or rollback tax rate because it adopted the additional sales tax.
